1. Purpose:

The purpose of this Delegation of Authority (DoA) and Signatory Matrix is to establish a clear governance framework for **PetroApp (KSA)**. This policy determines the specific decision-making rights, approval limits, and authorized signatories required for various types of contracts.

Specifically, this policy aims to:

- **Establish Accountability:** Clearly define which roles are empowered to approve expenses and sign contracts, ensuring that all commitments made on behalf of the company are authorized by the appropriate level of management.
- **Ensure Financial Control:** Maintain strict internal controls over company funds by mandating specific approval thresholds, budget verification, and the segregation of duties.
- **Streamline Operations:** Provide a transparent reference guide to facilitate efficient decision-making and prevent bottlenecks in daily operations, procurement, and HR processes.

2. Scope:

This matrix applies to all employees and management operating within the KSA region. All approvals must strictly adhere to the limits and conditions set forth in this document.

3. General Governance Principles:

3.1 In the event of any inconsistency, ambiguity, or contradiction between the provisions of this Delegation of Authority policy and the Shareholders' Agreement, the provisions of the Shareholders' Agreement shall prevail.

3.2 Approval Methods: Approvals may be executed via physical signature or electronic communication (with attachments) from the relevant authorized approver.

- Substitution Policy (Chain of Command):
  - The CFO may substitute for the Finance Manager (FM) in the event of unavailability.
  - The CEO may substitute for the CFO or COO/Country Manager in the event of unavailability.

3.3 Transactions must not be divided or split into smaller amounts to circumvent approval limits or thresholds. The total value of the commitment, contract, or expenditure shall be considered in determining the appropriate approval leve
