PetroApp

1. Purpose:

To establish a standardized process for calculating and issuing commission payout for KSA sales teams across the different LOBs and their hierarchical layers (Washing & Services)

2. Scope:

This policy applies to Washing & Services KSA Sales teams

3. Definitions:

Washing Transaction: A single interaction where a vehicle – Subscribed or not - is benefitting from washing service from a supplier through PetroApp

Services Transaction: A single interaction where a vehicle – Subscribed or not - is benefitting from a service (Maintenance, Oil, Filters.etc.) from a supplier through PetroApp

First usage Accounts:

Criteria 1: A subscribed or non-subscribed account PetroApp using Washing or Service for the first time from PetroApp and accumulates a minimal number of transactions within 3 months as below:

Washing Transaction = 60
Services Transaction = 20

Criteria 2: A newly subscribed client to Washing & Service subscriptions

N.B: if an account uses PetroApp's Washing / Services service for the first time, with a less number of transactions than stated above, it is not considered within the mentioned criteria until minimum number of transactions is achieved within 3 months.

4. Commission Scheme:
